FEATURES & BENEFITS

- Low noise gearbox
- App Control
- Zigbee Protocol
- Scheduling options
- Low NG rate
- Long life
- Low power consumption
- High quality MCU
- Stop running when Blocked
- Customizable
- Rolling Speed 14cm/S
- Manual Control
- Remote accessing
- Delete Power-Off trip
- Voice Control Optional

Quick Reference

- * Easy Installations
- * Timing Switch
- * Quick control
- * High load capacity
- * Gently start and Stop
- * Wireless control

WARRANTY

1 years Warranty

ACCESSORIES

N/A (No Accessories required)

WIRING INFORMATION

L & N connection should provide.
